---

<b>Education</b>	<b>B.Sc. in Computer (Information Technology) Engineering</b> <i>Azad University, Central Tehran Branch (IAUCTB)</i>  <b>Tehran, Iran</b> <i>Sep 2016 - Jul 2021</i>
	<p><b>Thesis:</b> Implementing a security architecture for detecting threats on the network and web-based attacks using IDS and SIEM under supervision of <b>Dr. Mohsen Jahanshahi</b> </p> <ul style="list-style-type: none"><li>• 148 credits program with GPA <b>3.11/4.00</b>. GPA of the last 69 credits is <b>3.78/4.00</b></li><li>• <b>Selected courses:</b> Artificial Intelligence and Expert Systems (20/20) - Database Design (20/20) - Information Technology Project Management (20/20) - Internet Engineering (19/20) - Computer Networks (18.5/20) - Systems analysis and design (17/20) - Compiler Design Fundamentals (17/20)</li></ul>
<b>Research Interests</b>	<ul style="list-style-type: none"><li>• CyberSecurity   • Big Data   • Information Security   • Machine Learning</li><li>• Web Application Security   • Privacy and Access Control</li></ul>
<b>Projects and Contributions</b>	<p><b>Hashlookup Forensic Analyser</b>  <i>Oct 2021 - present</i></p> <p>Participating in this project to improve performance and implement automated python tests using bandit, flake8, mypy, isort, and black. This tool can help a digital forensics investigator to know the context and origin of specific files during investigation using hash lookup.</p> <p><b>RedTeam Web Application Toolkit</b>  <i>Aug 2021 - present</i></p> <p>The RedTeam Toolkit is an open-source django offensive web-application that provides offensive tools that the security specialist can use as part of a red-team to identify vulnerabilities. Currently it supports the following modules:</p> <ul style="list-style-type: none"><li>• Scan ports and vulnerabilities/CVEs on the target</li><li>• Livehosts (scan all live hosts in the network scale)</li><li>• DirScan (scan all directories on a target)</li><li>• CVE Description (CveID Search)</li><li>• SSH Dictionary password guessing</li><li>• RDP User and Password guessing</li><li>• WebApps Section<ul style="list-style-type: none"><li>◦ Apache Path Traversal PoC ( CVE-2021-41773 )</li><li>◦ Web Crawler for gathering URLs</li><li>◦ SubDomain Enumeration</li><li>◦ HTTP Verb Tampering</li></ul></li><li>• Windows Section<ul style="list-style-type: none"><li>◦ Microsoft Exchange ProxyShell PoC (CVE-2021-34523, CVE-2021-34473, CVE-2021-31207 )</li></ul></li></ul> <p><b>Splunk SIEM queries for Fortiweb and Fortigate assets</b>  <i>Oct 2021</i></p> <p>a set of Splunk queries and visualizations for FortiWeb and Fortigate assets, which may aid SOC analysts and security experts in spotting anomalous behavior in splunk.</p>

**Experience**Teaching Experience**Teacher Assistant****Tehran, Iran**

Azad University, Central Tehran Branch (IAUCTB)

- **Linux Operational System Labs (6 labs)** *Oct 2021 - present*  
Under supervision of **Dr. Nayerreh Zaghari**  
Responsibilities: Head Teaching Assistant, Teacher in Problem-Solving
- **OpenCV project of B.Sc. students** *Apr 2020 - Aug 2020*  
Under supervision of **Dr. Nayerreh Zaghari**  
Responsibilities: Problem-Solving in python programming language
- **Engineering Economics Course** *Feb 2020 - Jul 2020*  
Under supervision of **Dr. Mohammad Mahdi Motevali**  
Responsibilities: Teacher in Problem-Solving, Documenting students progress

Professional Experience**SOC Tier-1 Security Analyst****Tehran, Iran**

FarazPajouhan

*Apr 2021 - present*

- Investigating and analyzing ransomware using digital forensics.
- Working with files encrypted by Eking and Phobos ransomwares.
- Monitor and analyze logs and events daily, to determine whether any events could constitute a genuine security incident.
- Performing security monitoring, reviewing, investigating and reporting the events generated by the SIEM.
- Create queries, panels and design monitoring dashboards and visualizations to detect real-time attacks in the SIEM systems such as Splunk.
- Working with Red-Team tools to detect vulnerabilities in case of Linux systems, web-applications, services and protocols.
- Linux server administration in some cases such as monitoring SIEM collectors health and create some configs to work easier with kubernetes and containers.
- Create python scripts to collect some information about attackers such as Full IP ranges and their foundation name.

**SIEM Plugin Developer****Tehran, Iran**

FarazPajouhan

*Dec 2020 - Apr 2021*

- Collect and normalize security logs to make them easier to understand and extract important information.
- Monitoring Security Information And Event Management collectors health in some cases (on linux servers).
- Working with Splunk SIEM and create panels and dashboards to monitor events.
- Create some configs to work easier with kubernetes and containers (for SIEM) on linux servers.

**SIEM Plugin Developer intern****Tehran, Iran**

FarazPajouhan

*Oct 2020 - Dec 2020*

- Monitoring SIEM collectors health in some cases (on linux servers).
- Normalize security logs and extract important information to make them easier to understand .
- Learn a lot from SOC Tier-2 and Tier-3 security analysts which helped me grow.

**Skills**

- **Linux:** System Administration, Auditing, Selinux, SSH hardening, WebServer hardening, PAM
- **Programming:** Skilled in Python3, SQL. Familiar with: BashScript, HTML, CSS
- **Technologies:** Django, Splunk SIEM, PostgreSQL, Docker, Git
- **Other Skills:** Log Analysis, Suricata, OPNSense, Network+, Regular expression, Zabbix, Digital Forensics

**Courses and Certificates**

<b>Linux Network Professional (LPIC-2)</b> 	<i>Apr 2021</i>
<i>Fanavaran Anisa</i>	
<b>Linux Server Administration</b> 	<i>Jan 2021</i>
<i>Udemy</i>	
<b>Learn to code with python</b> 	<i>Jul 2020</i>
<i>Udemy</i>	
<b>PostgreSQL Course</b> 	<i>Jul 2020</i>
<i>Udemy</i>	
<b>Cybersecurity Course</b> 	<i>May 2020</i>
<i>Udemy</i>	
<b>Linux Lpic-1</b> 	<i>Jan 2019</i>
<i>IEEE Iran Section</i>	
<b>Network +</b> 	<i>Jan 2019</i>
<i>IEEE Iran Section</i>	

**Languages****Persian:** Native proficiency**English:** Full professional proficiency*IELTS Score: Will be taken soon***References****Dr. Mohammad Mahdi Motevali**
